Discover The Quick & Easy Way To Make Your Websites Look Even More Professional, Without Spending One Cent On New Software... I was in my local bookstore recently, browsing through the computer section. Want to know what I found? Book after book after book on making websites look great - BUT - not a single one less than 500 pages! I dont know about you, but I dont have the kind of free time to wade through 500+ pages of technical details. Do you? Well, if youre like me and have to squeeze as much productivity out of every minute you spend working on your sites - AND - are interested in improving the way your websites look, this is for you... How To Master Web Design The Easy Way Interested in the quick and easy way to improve how your sites look? Well, Ive done all the tiring research so you dont have to... Im bringing you twenty-nine easy to follow web design tricks that can effortlessly make your sites look better, and even have a considerable impact on your sales (professional looking sites are proven to convert better). And rather than you wading through pages of dry text, you get these twenty-nine powerful web design tricks in very easy to follow videos. So you can just pick and choose the

ones you want to view and instantly discover how to improve your site. These web design tactics come in the form of twenty-nine videos you view directly at your computer. Ive bundled these powerful videos into a product called 29 Easy & Instant Web Design Tricks: These twenty-nine videos come to a total playing time of one-hundred and thirty-two (132) minutes. Heres a quick run down of exactly what you get: Video One (6 Minutes) In this video youll discover how to highlight text on your site to bring more attention to it. This is a tactic which I often use and it works an absolute treat.

----- Video Two (11 Minutes) Here Ill reveal a very little known tactic for making your popup links work in ALL circumstances. Very few people know this, but by not using it youre potentially losing sales especially as more and more people have popup blockers these days ----- Video Three (4 Minutes) In this video Ill talk you through how to give your images more context which also has the benefit of potentially giving your pages more of a boost in the search engines.

----- Video Four (2 Minutes) Here Ill show you how to use the little-used title feature to make your links more likely to be clicked (this also helps you with your search engine rankings). ----- Video Five (4 Minutes) In this video Ill talk you through how to use the simple but extremely powerful non breaking space feature. ----- Video Six (2 Minutes) Here Ill talk you through how to add a strikethrough to your text.

----- Video Seven (2 Minutes) In this video Ill show you how to space out your bulleted and numbered lists so that theyre easier to read.

----- Video Eight (4 Minutes) Here Ill talk you through a very useful feature that most people dont use: Sub lists - how to nest multiple bulleted and numbered lists one within the other. ----- Video

Nine (10 Minutes) In this video Ill talk you through a powerful yet under-used feature - how to apply advanced visual formatting to buttons (multiple backgrounds, border styles...).

----- Video Ten (4 Minutes) Here Ill show you the quick and easy way to set up an instantly redirecting web page.

----- Video Eleven (3 Minutes) In this video Ill show you how to underline text. ----- Video

Twelve (6 Minutes) Here Ill talk you through a very useful little trick: how to set the font for the entire page with just four lines of code. This tactic helps your pages look great, and also helps them load considerably faster. -----

Video Thirteen (3 Minutes) In this video Ill talk you through how to add great looking borders to your graphics the quick and easy way.

----- Video Fourteen (4 Minutes) Here Ill talk you through how to easily set the width and height of your graphics and the benefits this gives you.

----- Video Fifteen (6 Minutes) In this video Ill talk you through how to validate your HTML (web code) for free and why this is so important.

----- Video Sixteen (3 Minutes) Here Ill talk you through a little know trick that youll find very useful when linking to affiliate sites.

----- Video Seventeen (7 Minutes) In this video Ill show you how to encrypt affiliate links so your commissions dont get stolen. Amazingly, some websites sell encryption software just like this for \$30 or more. Ill show you where to get it free as an instant download. -----

Video Eighteen (7 Minutes) Here Ill talk you through how to link to your ClickBank order pages using links and also buttons.

----- Video Nineteen (3 Minutes) In this video Ill show you how to add a button to your page that when pressed brings up a popup.

----- Video Twenty (6 Minutes) Here Ill show you a very powerful piece of code that allows you to automatically submit a form on your website. This is pretty advanced and you may not find many uses for this, but Ive used it several times and find it very, very useful. This is the first time Ive shared it anywhere.

----- Video Twenty-One (3 Minutes) In this video Ill show you how to add checkboxes to your pages and how you can use them as a sales tactic.

----- Video Twenty-Two (3 Minutes) Here Ill show you how to format checkboxes to help your pages stand out.

----- Video Twenty-Three (6 Minutes) In this video Ill show you how to add radio buttons to your pages and how to use them for multiple choice questions. -----

Video Twenty-Four (6 Minutes) Here Ill show you how to easily format your radio buttons (multiple choice buttons) with borders,

backgrounds and multiple colors. ----- Video
Twenty-Five (3 Minutes) In this video Ill show you how to add an under-used but very powerful style of
popup that stops anyone leaving your site before theyve read it! This tactic alone can boost your sales
and opt-ins considerably. ----- Video Twenty-Six
(3 Minutes) Here Ill talk you through how (and why) to import code into your web pages.
----- Video Twenty-Seven (5 Minutes) In this
video Ill show you an incredibly easy way to structure your pages, website, and navigation. You can use
this as an instant high-quality template for your websites.
----- Video Twenty-Eight (3 Minutes) Here Ill talk
you through how to add one table within another on your page and when this is beneficial.
----- Video Twenty-Nine (3 Minutes) In this video
Ill talk you through how to format table borders in multiple styles and colors.. For PCs Only - Not For Mac
I must tell you that this eBook only works (to my knowledge) on PCs. If your computer is running
Microsoft Windows, you wont have any trouble at all viewing this eBook successfully. However, if youre
on a Mac youll more than likely have trouble viewing it.
