Rousing, roof-raising, uplifting and engaging plus the sheer musicality of the album makes SERIOUS a serious contribution to today's broad spectrum of Christian music. 12 MP3 Songs GOSPEL:

Contemporary Gospel, GOSPEL: Country Gospel Details: THE BEGINNING Formed barely two years ago, Canaan is already a musical force in Central Florida. They are a Rock and Soul talent powerhouse of musicality and creativity. The band writes most of their songs together or individually by the talented members. Their motivation and drive, the many instruments they play and the range of their talent enables the group to thrill and inspire people of all ages. Five individually accomplished musicians, five magnetic personalities and five people of consummate faith have come together some would say have been brought together and they are on a mission. Their mission is to let people know that God loves them JUST AS THEY ARE. Canaan's universal and all-encompassing message dispels the oxymoronic notion that people of faith would exclude others of faith when we are all made in God's image. Fancy words, a heady mission, but they are SERIOUS and they are doing it! The Band consists of Melanie, Dave Lee, James, Cathy and David. Melanie is a talented dynamo of a gospel performer/singer/songwriter, well known throughout Florida. Mel sings with a power and glow that turns her songs into a sermon and autobiography all at once. Her range and motivation make her an absolute FORCE that lifts and moves an audience. She, alone, IS a concert and a church service all at once. Dave Lee ably provides vocals as well as accompanying on the many and various instruments he plays; piano, bass, guitar, percussion, saxophone and most other instruments as well! As a Pentecostal prodigy, Dave brings his long national experience, energy, faith and talent to Canaan. As a singer, songwriter and musician, Dave brings a depth, power and range to the group, which is pivotal to their success. James sings in his dramatic high tenor and in close harmony with Dave and Melanie, take the vocals to new

heights and goose-bump moments akin to those high, sparkling bright-white fireworks on the 4th of July. Singing since he was two, James brings a musical old soul to the group; influenced by the personal triumphs and tragedies which shape his modern spiritual journey, James wants to see people and communities changed by the ultimate power of faith and music. David is a smile. Yes, he HAS a smile, but when you see that smile, you will know what we mean. David is one of the groups drummers, percussionists and doubles on bass. He brings verve and style to the group. He also plays French horn, trumpet and other brass instruments as well as the keyboard just like he plays numerous sports with love devotion and a zest for life. Personality percussion and drums are Cathy. Her rhythm, both musical and comedic, makes her a powerhouse on and off the stage. Cathy has performed as a Christian Comedian and consummate musician all over the U.S., backing up and singing with well-known performers and groups at appearances and concerts. Congas are her specialty and you will see she brings a unique sound and sight experience to every Canaan performance.
