Carla has a style all her own with influences from all music genres. Her foundation being R&B soul, Carla has incorporated rock, alternative pop and gospel into her music creating the unique style that is everything CARLA. 14 MP3 Songs URBAN/R&B: Urban, URBAN/R&B: R&B Pop Crossover Details: Performer, songwriter and recording artist Carla Fleming, has been singing professionally for enthusiastic audiences since the age of 15, but in the past few years she has found her true voice: a powerful, full sound that balances strength and sensuality. Fleming grew up in a deeply musical family in Chicago, with influences that included the old-school R&B she grew up with, her fathers doo-wop singing, her mothers gospel background, jazz songs, and pop. She began performing at political and community events in her native Chicago at the age of 8 and moved to Sacramento as a teenager, singing at area events with her high schools performance choir and winning a scholarship to the California Summer School of the Arts. Fleming began her recording career at the age of 18, initially working as a staff writer and singer for local record label, Get Lifted Entertainment. Since 2001, Carla has worked with many producers, and released an EP entitled Lover in 2003. The EP, which sold well locally, shows off Flemings silky-smooth sound beautifully. In the past few years, Fleming has undergone an artistic transformation, developing a stronger, more powerful voice. But unleashing her vocal dynamism doesnt mean that Fleming has abandoned her soft and sultry side. Instead, shes added strength and range to her trademark sensuality. Her voices promise of more power has been amply fulfilled in her live performances, tours de force in which she sets her full range free to thrill audiences. Recently, she has reunited with friend and platinum record producer Joe Archie, and his band Unplugged, who are featured on Domestic Disturbance, Carla most recent recording.
