Witty, humorous and heartfelt songs rendered in Folk, Bluegrass and Americana style. 14 MP3 Songs
COUNTRY: Bluegrass, FOLK: Modern Folk Details: This is my second solo CD and one that I am very proud to have produced. Along with Tim Danny Carter, Tim Lorsch, Ross Sermons, Jaret Carter, Alan Parker, Len Berrier, Mark Vernon, Norman Allred my son, Joey Tucker, I was able to make the CD I always wanted to make. It was recorded at Treehouse Studio in Ridgeway, Tennessee. This recording was also co-produced, mixed mastered by the Grammy Award winning Tim Carter of the Carter Brothers. I have been playing music for about 40 years and writing for over 25. My writing comes from the heart and life experiences of myself and others. If it didn't happen to me it happened to someone I know and they told me and I wrote about the experience. The songs on this CD are songs of lust, love, lost love, cheating, lovable rednecks, cell phone abuse, my take on a woman's prerogative and man's best friend, his dog. Americana? I guess this is best summation of this CD, incorporating Bluegrass, Folk, Country Blues Jazz into a nice flowing forty-five minutes of enjoyable listening pleasure. I thank you for your interest and hope you like what you hear from this Labor Of Love I call, "Middle Of The Road". Davis Tucker
