Contemporary Gospell 17 MP3 Songs GOSPEL: Contemporary Gospel, URBAN/R&B: Contemporary urban Details: This CD is a collection of originals written by Dan Fryer and Van Clements and Donna Whiting. It also has some hymns that have been musically re-arranged to be more vibrant for todays music. And then it has a couple of remakes by recording artists such as Andrae Crouch and Russ Taff. The CD is highlighted with so many good songs, but I would like to draw your attention to a couple of originals written by Dan Fryer. First, the title track, How can you live, Carol Fryer Sings this song about those who might know about God but have not chosen Him yet, it is a beautiful compelling ballad. Next, Theres something goin on is a song about life today in a big city and seeing bad things happen one after another, then realizing that we are in the last days. And then , the strong song of this CD, Free me from me, this song is about how we can know and love God and yet we still make bad choices resulting in sin. God has given us the ability to be free, now we need to live it daily. Our new CD entitled; How Can You Live, we believe that God is going to bless you as you listen to it. Once again, it was a miracle in getting it finished. God provided in the eleventh hour. Thank you so much for your prayers and support.
