Swedish folkrock that conjures the beauty of nature, and tries to sweep you of your feet. 13 MP3 Songs  
FOLK: Folk Pop, ROCK: Folk Rock Details: Young, groovy folkrock with catchy melodies and heavy accompaniment. With their characteristic self composed music, inspired by the Swedish folkmusic tradition and afro-american rhythms this band takes the folkrockgenre to a higher level. The beat will make you move your feet and the beautiful, suggestive melodies will move your mind! The band members are all deeply rooted in the folk- rock- and bluestraditions and together they have welded body and soul into an electric folk! On stage this band is outstanding! With true joy and passion they play with an intensity that leaves no one unaffected! Their debut cd was given high credit from Swedish music journalists and now they release the follow up album "woodland groove".
