acoustic world folk soul music of the heart. 15 MP3 Songs FOLK: Traditional Folk, FOLK: Modern Folk
Details: Option Magazine said Slick is a songwriter who crafts his music into the far horizons of artistic vision. He takes inspiration and molds it into a rewarding end product. This album returns to a more acoustic setting and traditional sound. But, as always the traditions are diverse. Slick takes 'Quite Early Morning' a song from one of his mentors Pete Seeger and infuses it with a world beat drive. The songs run from the quiet lullaby of 'End of the Day' to the rolling and tumbling guitar instrumental 'Eli Running' which shows off Slick's formidable guitar talents. This is honest music from the heart, presented soulfully and thoughtfully. A pure joy to listen to and reflect on.
