

Mp3 Young Sportsmen - If You Want It

[DOWNLOAD HERE](#)

Rhythmic, melodic, guitar driven post-pop/new wave/garage. 11 MP3 Songs POP: Garage Pop, ROCK: Mod Details: An excellent record from Young Sportsmen, brimming with sharp songwriting, well-crafted arrangements and inspired performances, all superbly captured by producer Johnny Sangster. Like its predecessor, this is immediately appealing power pop with all the requisite energy, volume, hooks, harmonies and melodies the term implies but If You Want It also introduces an angular, highly rhythmic component to Young Sportsmens sound that was only hinted at on Death to Palaces and like sweet and tart its a great combination. This is power pop with an edge and plenty of substance, one of those rare albums that sounds great the first time you play it and only sounds better with each subsequent listen as you begin to absorb its various textures and ideas. People who are interested in Cheap Trick The Jam The Fratellis should consider this download.
