Have you heard of ClickBank.com? Yes, ClickBank! It's a company that sells digital products that any webmaster can promote and make money with online. Having your own ClickBank directory with your affiliate ID automatically embedded is an absolutely great idea. There's nothing like having literally 1000s' of pages that your visitors can search through and find quality products from almost any niche imaginable. Here's just some of the incredible things that this absolutely new tool can do for you! Easy Clickbank Store is a ClickBank Directory PHP script that: * Instantly creates an online directory of every single product sold on ClickBank.com's marketplace! * It takes the latest ClickBank XML file (so that your directory stays fresh and up to date with the latest products) and imports it into it's database! * Allows you to have fast categorization of products and the entire directory is searchable! * Embeds your ClickBank affiliate ID into each and every one of the links to the products! Links open in a new window so the user never leaves your website! * SEO friendly as it uses mod_redirect and it appears to search engines as if it's completely static html! * Allows you to compliment your existing sites, as you will be able to define which categories or products that you would like to show indexed! Weed out the products that aren't

making you money and keep the ones that are! * Even allows you to pick the top paying, high profit products as your sponsors! * Template driven with {tags} so that you can decide exactly how your directory looks! (No PHP skills required!) * Every link in your directory is a commision earning link! * Instantly clone the entire ClickBank marketplace (more than 25,000 links all embedded with your affiliate ID)! * Easy Clickbank Store does not require a MySQL database!
