1; Title Page; 3 2; Copyright Page; 4 3; Warning; 5 4; Acknowledgments; 6 5; Abbreviations and symbols used in this atlas; 7 6; Table of Contents; 8 7; Foreword; 9 8; General considerations; 10 9; Introduction; 11 9.1; Bibliography; 13 9.1.1; General aspects; 13 9.1.2; Long-term results; 13 9.1.3; Comparative studies and trials; 13 9.1.4; Benign conditions; 14 9.1.5; Clinical and immunological impact; 14 9.1.6; Training and teaching; 15 9.1.7; Technical aspects; 15 9.1.8; Segmentectomies; 15 10; Chapter I Tips and tricks; 17 10.1; Ergonomics and operating room setting; 17 10.2; Trocars; 20 10.3; Enhancing vision and video-imaging; 21 10.4; Obtaining pathological diagnosis; 22 10.5; Exposure and lung retraction; 22 10.6; Fissures; 22 10.7; Exposure of bronchial and vascular elements; 23 10.8; Vascular control; 23 10.9; Vascular injuries; 24 10.10; Intersegmental plane and division of the parenchyma; 26 10.11; Specimen retrieval; 27 10.12; Bibliography; 28 10.12.1; General aspects; 28 10.12.2; Instruments; 28 10.12.3; Haemostatic devices; 28 10.12.4; Technical tricks; 28 11; Chapter II Endoscopic mediastinal lymph node dissection; 30 11.1; Definition; 30 11.2; Specific issues related to the endoscopic approach; 30 11.3; Technique; 31 11.3.1; Stations 11 and 12; 31 11.3.2; Station 10; 32 11.3.3; Stations 9 and 8; 32 11.3.4; Station 7 (left-side approach); 32 11.3.5; Stations 6 and 5; 34 11.3.6; Station 7 (right-side approach); 34 11.3.7; Stations 4R and 2R; 37 11.4; Bibliography; 39 11.4.1; General aspects; 39 11.4.2; Thoracoscopic lymphadenectomy; 39 12; Lobectomies; 41 13; Chapter III Right upper lobe; 42 13.1; Anatomical landmarks (Fig. 1); 43 13.2; Technique 1: anterior approach; 45 13.2.1; 1. Hilum; 45 13.2.2; 2. Fissure and posterior artery; 47 13.2.3; 3. Bronchus; 49 13.2.4; 4. Division of the minor fissure; 50 13.2.5; 5. Division of the pulmonary ligament; 51 13.2.6; 6. Securing the middle lobe; 51 13.3; Technique 2: posterior approach; 52 13.3.1; 1. Fissure and posterior artery; 52 13.3.2; 2. Bronchus; 53 13.3.3; 3. Truncus anterior; 54 14; Chapter IV Middle lobe; 55 14.1; Anatomical landmarks (Fig. 1); 56 14.2; Technique; 58 14.2.1; 1. Fissure and lateral segmental artery; 58 14.2.2; 2. Fissure and vein; 59 14.2.3; 3. Bronchus; 61 14.2.4; 4. Medial segmental artery; 61 14.2.5; 5. Transverse fissure; 62 15; Chapter V Right lower lobe; 64 15.1; Anatomical landmarks (Fig. 1); 65 15.2; Technique; 67 15.2.1; 1. Fissure and arteries; 67 15.2.2; 2. Inferior pulmonary vein; 70 15.2.3; 3. Bronchus; 71 16; Chapter VI Left upper lobe; 73 16.1; Anatomical

landmarks (Fig. 1);74 16.2;Technique;76 16.2.1;Posterior approach;76 16.2.1.1;1. Fissure and lingular artery;76 16.2.1.2;2. Posterior arteries;79 16.2.1.3;3. Truncus anterior;81 16.2.1.4;4. Superior vein;83 16.2.1.5;5. Upper lobe bronchus;84 16.2.1.6;6. Pulmonary ligament;85 16.2.2;Anterior approach;87 16.2.2.1;1. Vein;87 16.2.2.2;2. Truncus anterior;87 16.2.2.3;3. Next steps;88 17;Chapter VII Left lower lobe;89 17.1;Anatomical landmarks (Fig. 1);90 17.2;Technique;93 17.2.1;1. Fissure and arteries;93 17.2.2;2. Vein;98 17.2.3;3. Bronchus;99 18;Segmentectomies;101 19;Chapter VIII Right upper lobe: apicoposterior segments;102 19.1;Anatomical landmarks (Fig. 1);103 19.2;Technique;105 19.2.1;1. Fissure and ascending posterior artery;105 19.2.2;2. Segmental bronchi;106 19.2.3;3. Apical artery;109 19.2.4;4. Apical vein;110 19.2.5;5. Division of the parenchyma;111 20;Chapter IX Right lower lobe: superior segment;113 20.1;Anatomical landmarks (Fig. 1);114 20.2;Technique;116 20.2.1;1. Fissure and artery;116 20.2.2;2. Bronchus;118 20.2.3;3. Vein;119 20.2.4;4. Parenchymal division;120 21;Chapter X Right lower lobe: basal segments;121 21.1;Anatomical landmarks (Fig. 1);122 21.2;Technique;124 21.2.1;1. Fissure and artery;124 21.2.2;2. Bronchus;126 21.2.3;3. Vein;127 21.2.4;4. Division of the parenchyma;129 22;Chapter XI Left upper lobe: superior segments;132 22.1;Anatomical landmarks (Fig. 1);133 22.2;Technique;135 22.2.1;a. Up EAN/ISBN : 9782287997778 Publisher(s): Springer, Berlin, Springer, Paris Discussed keywords: Lungenchirurgie Format: ePub/PDF Author(s): Gossot, Dominique
