

# Genghis Khan - James Chambers

Genghis Khan, the thirteenth century emperor, is known for his bloodthirsty, ruthless campaigns; however he was also one of the greatest commanders in history. Though a master of terror - his campaigns in northern China and Iran were accompanied by a level of slaughter that was not seen again until the twentieth century - he was just as generous to his subjects and often magnanimous in victory. His broad, ambitious strategies and elusive tactics were so far ahead of their time that they were acknowledged models for some of the most successful tank commanders of the Second World War. At the beginning of the thirteenth century Genghis Khan united the nomad tribes of Mongolia, turned them into a formidable army and led them to rule over the largest empire ever conquered by a single commander. By the time he died in 1227, his dominions stretched eastward from the Caspian Sea to the shores of the Pacific Ocean.
