Are Your Product Investments Working For You? Well, if NOT... Then Heres How To Quickly Convert All Those Resell Rights Packages & Private Label Products On Your Hard Drive Into... Cash-Generating Machines That Make Money At Will! Discover The Biggest Lie About Resell Rights And Private Label Products That Is Reeling the MAJORITY Of Online Marketers Into almost Certain Failure At Warp Speed... And How You Can Prevent This From Happening to You! Dear Friend, Youre definitely witnessing the soaring popularity of both Resell Rights and Private Label products in the online marketing scene today. And the reason theyre popular is because of one very important benefit among many others: theyre time-savers. By this, it often means you get to skip the product development process. Many sophisticated marketers often offer their products as turnkey as possible today - and this can include providing graphics, sales letters, mini sites, thank you pages, etc. And in some rings, some product authors even go as far as to provide a crash course guide to setting up your reseller site for sale. All in all, the idea behind providing Resell Rights or Private Label Rights to Info Products is so that the reseller (thats you alright) can conveniently skip the product development process, shortcutting one step to

profits. Right??? Now, Its Time I Reveal To You The Biggest Lie... Look, if you believe that buying these products with Resell Rights and Private Label Rights are going to make you rich without doing any lick of work, then youve been suckered or lied to. Whoever sold you those products could have lied to you on that fact... or it could be plain self-deception youve created for yourself. I dont know. But I do know one thing for sure: those products cant make money for you unless you know how to make them do so! I know its not all music to the ears, but heres something else you need to know for real if youre serious enough about making room for improvement in your online marketing career... There Are Actually More Lousy Marketers Than There Are Lousy Products! How often do you hear of people complaining how lousy or low-quality Resell Rights items and Private Label products are in the Internet marketplace? Very often. But if I ever have the time to rant, Id often say: there are more lousy marketers than lousy products in the marketplace! Why? Simple. If youre a lousy marketer, you cant turn the products you have in your hard drive into profits, no matter how good or high quality they are. And the result: those products become accumulated digital dust in your hard drive. Likewise, this would be a piece of cake to a professional marketer regardless of how good or bad the products he or she has. The best case scenario: your hard drive is now your gold mine! Great, I See Where Youre Heading To. But What Does It Take To Be A Professional Marketer? Now youre asking the right question! Firstly, no.
