A mesmerizing listen. an album for the ages influenced by rock,folk, funky r&b and the blues...powerful lyrics and insights. 14 MP3 Songs ROCK: Americana, BLUES: Mellow Blues Details: Bass Reeves is a noted Poet and Philosopher who has turned his attention to his greatest passion .....writing, recording and performing his extensive catalogue of songs. His current band has participated in the creation of over 30 gold and platinum albums and has created a sound worthy of comparison to some of the greats of the genre. Here's what some are saying: "When I listen to Bass play and hear what He is saying, my heart is taken on a journey. To me he has proven a powerful thing....that to be determined in your dream you can achieve anything. He set out to make this Album and I feel that this is just the beginning. His potential is limitless and like a wildflower in the wind his music will forever spread and grow." Natasha Lili Klauss.....Kennedy Center for the Performing Arts "I work with the best Bands and Musicians in the world every day in my professional life. Bass and His Band belong with them all. But Bass as a writer belongs in that sparse category occupied by very few....Bob Dylan, Tom Waits, Steve Earle, Ani DiFranco.....make room!" Carol Calato, President, JD Calato Mfg. Makers of Regal Tip Drum Sticks I've worked with Bob Dylan, Jackson Browne. Leon Russell and many more. Bass has written some important songs. His music speaks for itself. Listen to it!" Sanford H. Konikoff
