The most comprehensive American musical group of our time. Diverse and eclectic, yet simple and embraceable. Great dynamics. Great music. Strong lyrics. 11 MP3 Songs ROCK: Classic Rock, ROCK: Progressive Rock Details: There is a band that needs to be seen live. This band is echolyn. Yes, the studio albums are wonderful and to them we listen. But echolyn was and is more than their albums. Stars and Gardens is echolyn. For many, the footage here on these DVD's may be their first look at one of the most remarkable American bands of our time. Enjoy the performance. Enjoy the artistry. Enjoy the embrace. For other's, like myself, watching Stars and Gardens helps us feel as we did when we sat in the theaters and clubs that housed the intensity that is echolyn. Stars and Gardens forever captures not only the music but it also showcases, astonishingly well, the people who are the music. Stars and Gardens is over 3 and hours in length, 150 minutes on stage and 70 minutes of echolyn history. The concert footage was filmed May 25, 2003, at Sellersville Theater using 6 cameras, HD, 16 mm, BETA SP. The audio was recorded digitally live with 32 channels and mixed by Brett Kull. Echolyn has been creating music for 15 years. They have composed and produced over 80 songs. They have gained an international audience and always working on new and pertinent material.
