Gordon is a unique Singer, Songwriter, Piano and Keyboard Artist with an outstanding voice. His music is an extraordinary mixture of influences...R&B, Country, Blues, Southern Rock and even Reggae...creating music that is totally, "J". " J. Gorden", Joseph Gordon Callaham is from Greenville, SC. Remarkably, at the early age of 2, he was correctly playing single notes on the family piano and singing songs he had heard his older sisters listening to on the radio. His nickname was, "Delta-Dawn", because he sang that song to anyone that would listen. Mr. Gordon's first engagement was when he was only 16 years old. He performed as the solo piano player and vocal artist at Knickerbockers, an upbeat sports bar and restaurant in North Myrtle Beach, SC. He has continued with a full time music career, playing the entire Coastal Carolina Region for over 15 years. Mr. Gordon released his first album in 1991, under Strand Records: LIFE IN MY DREAMS. His song, "Crack Of Dawn", (ascap)'91, was distributed regionally, and received national airplay. Currently, still in his early 30's, Mr. Gordon is the nightly entertainer at the very popular MARTINI'S RESTAURANT in North Myrtle Beach, SC.
