Rockabilly/country rock and roll(50s) 20 MP3 Songs COUNTRY: Western Swing, COUNTRY: Country
Rock Details: Joey Welz recorded this CD with the rockabilly who's who in Memphis at Sun Studios. Guest musicians include: James Van Eatonroll and James Lott, Malcom Yelvington Billy Riley. It's Joey's historic stop by Sun Records. He says I should have done this when I first started out in the 50s but at least I got the chance to record with Jerry Lee's original musicians. I hope Jerry Lee will approve. This is my favorite album. I finally made the Blackcat Rockabilly Hall of Fame in Europe. Check it out at rockabilly.nl. See ya later Alligator. Joey Welz, former pianist with Bill Haley and the Comets (MCA)
