Contemporary Gospel, Rockin Blues, Reggae Blues, Country Blues, Jazzy Blues, Spiritual, Inspirational, Uplifting, Moody 12 MP3 Songs GOSPEL: Contemporary Gospel, BLUES: Rockin' Blues Details: My friends call me Moe or Dr Moe. I am a PhD Psychologist recovering from "Burnout." I write and record music to heal my Soul. I'm told the music is uplifting, inspirational and "Fun" - works for me! I like the sounds of Dutch Mason, The Doors, Tom Petty, Brian Ferry, The Hothouse Flowers and Joan Osborne. There's a Rockin Blues / Reggae Blues quality here that just grabs me, and the lyrics, well the lyrics seem to come from "Out There" someplace, where we're being watched in a friendly loving manner. This collection of songs reflect my life experience, both as a guy trying to find his way in the World and as a therapist who for nearly 25 years listened to people talk about their pain and then looked to me for some guidance. There's a moody flavor here now, contemplative, even introspective. The title track "Feels Like Home" is about where we're going, spiritually speaking. Home is where the heart is, isn't it? There's Spiritual Medicine for all of us. This is my evolving brand. It comes from inside, just like anything I write now. Just assert what you believe in and it will come to you. From my personal and professional experiences, I've learned 3 basic things: 1) We're all in this together; 2) Love is the most potent medicine in the World, and 3) Never say "never" - anything's possible! Here I am pushing 60 selling music that I've written, performed and recorded after spending half of my life as a helping professional. How's that for a Cosmic Surprise? Summer of 2004, my wife and I got to go on a cruise aboard The Queen Mary II, the newest and biggest cruiseliner afloat. Didn't see that one coming. Why? Because it was a "gift." Somebody up there likes us. Let me know how you like the music. P.S. I also write Spiritual / Psychological / Inspirational Books.
