Organic, Bohemian-Style, Guitar Gumbo fueled by rich vocal harmonies, dual guitar leads, and driving rhythms. 11 MP3 Songs ROCK: Jam-band, ROCK: Extended Jams Details: One-Eyed Jack is "Organic, Bohemian-Style, Guitar Gumbo" fueled by rich vocal harmonies, duel guitar leads, and driving rhythms. The band hosts great live performances with jam styles reminiscent of the Allman Brothers, Grateful Dead and Black Crowes. On their new CD, "Before Alone", One-Eyed Jack has jelled into its current and most powerful incarnation. Combining groovin' trippy tunes like "Before Alone" and hard driving, gritty rockers like "Year of the Locust" with introspective rock ballads like "This, Too, Shall Pass", the band has created a sound that lures music lovers from a wide range of generational and musical tastes. The strength of One-Eyed Jack's live performances has enabled them to play on the same bill with such legends as Hot Tuna, Clarence Clemons, the Band, and the New Riders of the Purple Sage.
