Overton THE GUMBO CHILD was discovering his God given talent at 8 Years of age playing music 4 the church and attending all events. DLO has sharpened his talents into a pianist, writer, singer, composer, arranger engineer into what we call today the Gumbo Child. Most of us came up off of old music but DLO stands alone. By capturing sounds spontaneously as he records, productions in full effect. With 20 years at the organ piano there is nothing like him handson (with professional Quality) without a multi million dollar studio. With the talents on the road state to state he learned the business of outsourcing. Through 356 productions He released his smash debut CD album independently lets get it on @ cdbaby.com/dlo DLO's sophomore CD album prominently tells DLO's life as he grows. As the smooth sound and melodic vocals on I CAN TELL carries him to a special someone even though alone he walked the lonely streets, He starts to feel Lost in this world. Through adversities the dedication and overseeing revealed to him a clear vision to obligating his life to reality (Am i dreaming) but it still seems to be going from good 2 bad as he dedicates his life to music and feeling so alone he Apologizes. \$356 Million And It's A Done Deal!!!
