URBAN/R&B: R&B Pop Crossover, HIP-HOP/RAP: Hip Hop Details: Bio I was born in the small town of Bartow, Florida. At the age of thirteen I moved to Miami to live with my father. While living in Miami I experienced the big city life. Education, sports, and music were my main focus. I received a four-year football scholarship to West Virginia Tech. My junior year I decided to drop out and return to Miami to help raise my son. Parenting and music became the direction for me. I knew entertainment was my niche. I began singing with a group called Distinguished Gentlemen. Singing locally, we received great airplay on WEDR 99 JAMZ. This first opportunity confirmed music as my passion. I classify myself as a songwriter, singer, and entertainer. My music style is unique. It is a mixture of New Urban and R&B flavor you are able to groove to. When it comes to live performances I am industry ready. I have performed on the Miami circuit at various clubs of which have been great venues and experience. While in Miami, I have continued my music career by performing and writing songs. I understand the music business is 85 business and 15 talent. With this knowledge, I have invested a great portion of time researching and studying the market. I recently formed my own independent label, Hypeman Entertainment and Mister Charm Publishing. The new single released under the label Still In Luv is currently getting some positive street buzz. My LP is available at cdbaby.com/cd/tonypsounds, iacmusic.com/tonyp, garagebands.com/tonyp and myspace.com/hypemantony CLICK TO PURCHASE THE HIGHLY ANTICIPATED ALBUM FROM TONY P ..
