The CD, Coming Together represents the musical synergy of three brothers that culminates in what we feel to be, a universal language that can be heard and felt by all who appreciate music. As you listen to the music on this CD, you will become engaged in a musical journey that is filled with contemporary, swinging jazz. The jazz on this CD is flavored with African, South American, and Asian accents. We invite you to join the trio on its musical journey and reflect on the theme of love as you listen to "Tender Hearted". Continue the journey and envision the beauty of the Far East on "Sunset in Japan". Imagine the beauty of the rainforest on "Brazilian Rainbow". Clap your hands and pat your feet to the beat of "Plink" and "Funkarama". Appreciate the majesty of the Mt. Kilimanjaro as you listen to one of my original compositions, "Kilimanjaro". Come together with your loved ones and enjoy the new and exciting sounds of the Trio Trs Bien.
