

Reclaiming The Hebrew Bible

[DOWNLOAD HERE](#)

The 19th century saw the rise of Biblical Criticism in German universities, culminating in Wellhausen's radical revision of the history of biblical times and religion. For German-Jewish intellectuals, the academic discipline promised emancipation from traditional Christian readings of Scripture but at the same time suffered from what was perceived as anti-Jewish bias, this time in scholarly robes. Reclaiming the Hebrew Bible describes the German-Jewish strategies to cope with Biblical Criticism varying from an enthusiastic welcome, through modified adoption, to resolute rejection.
