Website & Video Software. This handy private-search engine, use the power of any search engine you want, just add to the (plain text list) located in the program folder. You can type in just like a search engine, except your index pages (contain website addresses with site headers added) in spread sheeted format that can be saved to MS Excel to be studied later, and if you click twice on the URL in Excel, you can hyperlink that address making it a surf-able link. When you type in the 4Pro search box, you can switch search engines by clicking the control button, until, the spread sheet comes alive scrolling with hundreds or results! This thing is fun to work with! Watch our selling video. Master Resell Rights!
