

Fish Forex Robot

[DOWNLOAD HERE](#)

Fish Forex Robot Fish Forex Robot is a unique expert advisor plug-in for MetaTrader 4, that monitors the situation on the currency exchange market around the clock and places buy and sell orders automatically for you. It is not a standalone application. Keep MetaTrader 4 running twenty-four hours a day, and Fish Forex Robot will do the rest. The Forex market is open around the clock, five days a week (no trades take place on weekends). What will you receive after purchase? Fish Forex Robot (EX4 File) User Manual (PDF File)
