In 2005 Chris signed to Complete/Universal publishing and has since picked up various radio airplay / interviews and played numerous gigs. Chris' debut LP "Built To Be Burned Down" was recorded during 2007/8. The last song on the album 'Winter Rose' is dedication to Chris' late father, while 'Cemetery Gates' plays homage to Gram Parsons, but the album rocks too.. from the anthemic opener "The Ebb And Flow" to the driving rhythm of "Dark Clouds" this album really is 'all killer no filler'.
