Melancholy, poetically schizophrenic and frightfully delicious, Extra Kool will take you on a ride through his confused mind. 11 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, ELECTRONIC: Experimental
Details: A long way from the end, although in his head it's as close as it gets. A big part of the nambla clan, eats only when hungry, he dosent read books and loves to watch movies about people reading books. He is also 38 years old with no tattoos. Actually he's an avid kung-fu master, who does have tattoos. Extra Kool has shared the stage with hip hop superstars as Aesop Rock, Murs, The Shapeshifters and Anticon. He's written plenty of songs, including all his releases, Nostalgix, One Man Army, Ickabod Strange, Optimistic Pessimism, A Mouth Full of Stitches and Teem Geezus. He's a meloncholy writer who has a morbid way of reciting poetic lullabies. His voice is one of a kind and his rapid delivery accompanied by an eerie molasses harmonic tone is sure to captivate anyone with a sick mind.
