A Cappella with a kick - that means vocal percussion and a beat. Yes, Halogen is a Christian group and we sing Christian a cappella music, but that doesn't mean twangy Southern Gospel and it doesn't mean boring. Check us out for yourself. 13 MP3 Songs GOSPEL: Contemporary Gospel, KIDS/FAMILY: Kid Friendly Details: Thanks to all those stopping by this site because of our appearance on the nationally televised Christian Artist Talent Search (CATS) on the INSP Networks; we're glad you watched it! If you're here and you haven't heard us yet, Halogen is a 5-man contemporary a cappella Christian band. Our music is based on intense harmonies, thought-provoking lyrics, and a human rhythm section. At least we think that's what it's based on. Not that it matters, really, as long as we're getting to sing and be heard, but all those adjectives made it sound good. We've been singing a cappella since December 31, 1995, and we're still here, still singing a cappella. Granted, we've improved over the years (and it's a good thing too; we needed a lot of work) - and now we've even gotten into songwriting, and we've gone and won an award and the Southeast regional spot of the Christian Artist Talent Search, which means we'll be on National TV four times next year (on the INSP Networks) - not so easy to do when you're an a cappella band going up against screaming electric guitars, crazy drummers, heavily over-amplified vocalists, and people with dance moves, but we did it. A few months after that, we finished our first officially released CD, HALOGENESIS. Finally, in 2006, we have released our new CD, DEPTHS, and now you have the opportunity to purchase that selfsame creation on this incredible website. Please, check our music out. Buy a CD and let us know what you think. We look forward to hearing from you. - Halogen
