Glam-Rock Bubblegum Dreamy-Pop. 9 MP3 Songs ROCK: Glam, ROCK: Goth Details: The Barbarellatones are a Glam-Rock band with GREAT songs! Dreamy, Bubblegum swimming in electric sitars. Check it out for yourself! Singer, Guitarist Robbie Quine, from the Glam-Goth band "Sex With Lurch" and "Prancing Ponies" newest music project is "When Marionettes Kill..." by his new band "The Barbarellatones". A mixture of Glam-Rock, dreamy psychedelic and cheese-ball Bubblegum, I think you'll find this new cd to be a lot of fun, and full of great songwriting. Its kind of neo-Retro, if that makes any sense! But who says good Rock N Roll has to make sense?
