singer/songwriter pop/folk group with piano based melodies and female vocals. 11 MP3 Songs POP: Piano, FOLK: Folk Pop Details: Top 5 "Women in Music" albums of the year - Collected Sounds. "The songwriting (on A Comfortable Struggle) is first class, both lyrically and melodically. The tunes will stay with you long after the last song plays," says Amy Lotsberg, Producer of Collected Sounds. Being together just over two years, playing more shows in that time frame than most, The Side Project has been branded as pop/folk music. Delving deep into the artful side of music, they incorporate mixed-media into their shows, featuring live paintings, photography, sculpture, cued video and silent films. Any one show may feature many collaborative artists and musicians. The band is comprised of Susie Bradford as lead singer, Ben Bradford (susie's husband) on bass and backup vocals, and Parker on piano. additional instrumentation on side project albums and shows may include Joe Varela on drums, Clint Burgess on guitar and Zoe Boysen on cello. as of 2004, the side project has also included 8 year old live performance painter Gabriella Barbieri. A Comfortable Struggle, released in the summer of 2005, features Grammy Award Winning guitarist Eric Tingstad, who has also (along with his wife Carol) recently been taken on as TSP management.
