

The Pirate - Frederick Marryat

[DOWNLOAD HERE](#)

It was in the latter part of the month of June, of the year seventeen hundred and ninety something, that the angry waves of the Bay of Biscay were gradually subsiding, after a gale of wind as violent as it was unusual during that period of the year. Still they rolled heavily; and, at times, the wind blew up in fitful, angry gusts, as if it would fain renew the elemental combat; but each effort was more feeble, and the dark clouds which had been summoned to the storm, now fled in every quarter before the powerful rays of the sun, who burst their masses asunder with a glorious flood of light and heat; and, as he poured down his resplendent beams, piercing deep into the waters of that portion of the Atlantic to which we now refer, with the exception of one object, hardly visible, as at creation, there was a vast circumference of water, bounded by the fancied canopy of heaven. We have said, with the exception of one object; for in the centre of this picture, so simple, yet so sublime, composed of the three great elements, there was a remnant of the fourth. We say a remnant, for it was but the hull of a vessel, dismasted, water-logged, its upper works only floating occasionally above the waves, when a transient repose from their still violent undulation permitted it to reassume its buoyancy. Author: Marryat, Frederick Publisher: 1st World Library -
