

Molecular, Clinical And Environmental Toxicology

[DOWNLOAD HERE](#)

Environmental Toxicology is the third volume of a three-volume set on molecular, clinical and environmental toxicology that offers a comprehensive and in-depth response to the increasing importance and abundance of chemicals of daily life. By providing intriguing insights far down to the molecular level, this three-volume work covers the entire range of modern toxicology with special emphasis on recent developments and achievements. It is written for students and professionals in medicine, science, public health or engineering who are demanding reliable information on toxic or potentially harmful agents and their adverse effects on the human body. EAN/ISBN : 9783764383404 Publisher(s): Springer, Berlin, Springer, Basel Discussed keywords: Toxikologie Format: ePub/PDF Author(s): Luch, Andreas
