Beats on this CD were created for Pop, R&B vocalist and Rappers. It also gives vary good inspiration for writing lyrics. If you write, you will never run out of words while listening to these beats. I give you permission to use my beats for background 24 MP3 Songs POP: Today's Top 40, URBAN/R&B: R&B Pop Crossover Details: Hi, If you sing or rap and need background music for your demo or debut CD to record labels or entertainment business entities, then you have found the perfect CD. This CD contains pre-produced song beats, rap beats, hip hop beats, r n b beats and pop beats of the highest quality. If you keep the recordings of you vocals as clear and professional as the instrumentals are recorded you could go strait to mess production and radio play. The recording of my instrumentals have a better sound quality then several songs I have heard on the radio. Once you buy my CD you are free to use the instrumentals for your demo or debut CD. If you or a business entity wants to use any of my beats for re-publication to the public for a profit, you or that business entity must contact me first. I have a basic Royalties agreement that I work from. I usually ask for .05 cents per-production per-CD sold but for major record labels anything is negotiable. I wouldn't want to interfere with your abilities to land a major contract. These CDs are designed to help you accomplish a major hurdle in the independent artist world, that hurdle is getting your demo material together. When you go to a major record label the first thing they are going to ask for is a demo of your abilities, it's a must have. I have several CDs available for overcoming this hurdle. To see them all check out my main web page. As the CDs are priced its a dollar per song plus the cost to cover distribution. S.L.R Records Inc slrrecordsinc.com Good Luck!
