A cool mix of blues, jazz, country, rock-a-billy, and a little Tex-Mex reggae. Texas music...Christian message. 11 MP3 Songs COUNTRY: Traditional Country, BLUES: Texas Style Details: Formed in early 2000, Better Late Than Never quickly got busy spreading the Good News of Jesus Christ, through their music, by performing for churches, youth groups, and other venues all across South Texas. This CD was recorded at Trinity Studios in Corpus Christi, Texas and was released in February, 2001. The #4 and the #10 tracks from the CD were released with Glory Train Records later that year on over 1400 radio stations internationally. The first release shot up to #18 on God's Country Christian International Music Chart and stayed on the top 60 for six months! The latter peaked at #13 in February 2002 as well as #25 on the Overseas Top 25 Most Played Christian Gospel Songs chart! The unexpected success was cool, they'll tell you, but Better Late Than Never remains humble; gratefully and faithfully serving the Lord as He commands. These guys know that God's given them what it takes! The lyrics, the sound, the style, and His awesome seal of approval to keep doing what their doing! And that's EXACTLY what they intend to do!
