Deep ambient electronic dub from former Rockers Hi Fi producer and songwriter. 9 MP3 Songs
ELECTRONIC: Ambient, ELECTRONIC: Down Tempo Details: Lion Head Recordings is the new label from veteran electronic dub producer Glyn Bigga Bush. Best known for his work with Rockers Hi Fi during the 1990s and since the turn of the century his solo albums for Sonar Kollektiv (STUDIO DON by Lightning Head) and Stereo Deluxe (BIGGABUSH FREE, SOUND SENSATION), Lion Head is to be the future carrier of all sounds released from Biggas studio. Appropriately enough the first release on Lion Head is a limited edition cd BIGGABUSH IN DUB which collects together some of his finest dubs both new and old and also features an exclusive new guitar-based version of Rockers all-time favourite PUSH PUSH. The cd was originally produced for sale at the Big Chill Festival 2006 but has met with such a good response that we have decided to make it more widely available.
