My life, my pain, my story... Da'Reales 17 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: West Coast Rap Details: DRT was raised in the city of St.Jon Florida. His life story is far from pettigree and privilege, it is one of strife and trial; heartache and pain. Since his hands could carry the burden of life he has worked to supply the needs of his family. Born into a fatherless home and being one of six was not living life from a silver spoon. Daddy soon after his born was M.I.A. and momma struggled from bottle to bottle to exhale in a country where "In God We Trust" is only written on a dollar, where Uncle Sam puts food in your mouth but no cloths on your back. From the cry of birth, to the sweat of his brow, to the click of the glock he managed to survive long enough to give you the beginning chapter of his story "When Thuggz Cry". It's not about giving you tracks you can club to. It's about creating real life music that lets you feel a little piece of pain and trun your lips to a smile while you shed a tear. It's a friend when your lonely and inspiration when you need something to hold your head up. What you hear aren't just songs on a cd but a real life testimony or autobiography of the life of Thugg. A little snippet of history or one could say his story of the life he was cursed to be blessed to live. What happens when you are born into a world were nobody loves you? When you must pull a lick to eat, kill to live, loose what you love, get lost to be found, and where we all live to die. Step into Thuggz life and see what happens When Thuggz Cry...
