A fresh and strong breeze of fullon psytrance 10 MP3 Songs in this album (78:38) ! Related styles: ELECTRONIC: Psy-Trance, ELECTRONIC: Trance Details: ... A fresh and strong breeze blows from Switzerland. It begins stormy with plenty of energy followed by turbulent winds which finally calm down to a nostalgic breeze towards end of the album. With massive basses, unmistakable melodies and smart arrangements GOE presents his third album with 10 hit-suspicious dancefloor-tracks - a must for every Fullon-lover. Infected with Goa around the 1999, Lukas Keller started to produce passionately fullon psychedelic-trance under the pseudonym GOE. In summer 2003 the talented Swiss artist performed his first live act - Since then, he pushes the party-people with his uplifting sounds. 2006 he presented his debut album psychedelic perspectives followed by his album Jupiter beach in 2007 and alien breeze in 2009. Twisted melodies and groaning Acids shape GOE's earlier compositions. Over the years his music became more trancy and trendy to finally get harder, nastier and more diversified with his latest release. Yet his music maintains its characteristic propelling and direct style. Lukas loves his musical activity as artistic diversion to the everyday life. Skilfully he combines his classical instrumental education with the synthetical sound production to generate harmonious arrangements and to program subtle sounds. The high-standing result convinces by a fresh and sophisticated interpretation of Psytrance.
