Fresh eclectic country music - Artist's debut C.D. 8 MP3 Songs COUNTRY: Alt-Country, COUNTRY: Urban Cowboy Show all album songs: Lookin' for a Cowboy Songs Details: JANESVILLE is an eclectic country band based in Chicago. Singer/songwriter TORREYA LYN ("Torri"), launched the project that is now Janesville in April of 2004. A licensed attorney, Torrey prosecuted criminals and represented police officers for several years before realizing that she loves writing music and really hates the practice of law. She is still trying to adjust to the huge paycut she has taken, but she finds writing country songs much more enjoyable than writing summary judgment motions. OWEN COOPER is Janesville's talented lead guitar player and a co-writer on many of the tracks on this C.D. OWEN'S guitar work on this record is a work of art in itself. Janesville has shared the stage with country stars like Randy Travis, Trace Adkins, Darryl Worley, Phil Vassar and Keith Anderson. This is their long-awaited debut C.D. They hope you enjoy it.
