Ordained in 1999, Minister John Johnson is committed to creating music that gives a snapshot of real life struggles and victories. Performing on cable tv shows ,public schools ,youth rallies and church events in the Maryland,DC area, John has developed a reputation for getting the crowd moving with his melodic urban pop dance style. What we are about: Revive Entertainment was Formed in 2000, as a ministry that would strive to encourage all people. No matter what your current status with God is, it is our mission to give you great music with a message of hope. I've been in music ministry for over a decade and I have seen God work through it in many ways and many genres. As a worship leader and artist who has had the opportunity to be used by God in the church, streets and recording industry. It is important to give the masses music: *they can identify with. *that has a message that permeates the love of Christ, *that talks about everyday struggles that we all face. *and gives a realistic view of the world, and the devices that keeps us from being the person that God intended us to be. God doesn't live in a box. So we bring the message packaged in Hip-Hop, Rock, R&B and Country. Look for music from us that could be heard, in the church, in the club, or in the car. Revive Entertainment is committed to great music with a Christian message. We invite you to be apart of this ministry, pray for Christian artists and support Gods music.
