"Revival" sings of hope and promise and change. In making this CD, I chose songs that I've sung before as well as originals and classics that speak to me in a time when I think we are looking for inspiration. Songs that make me feel good to hear and sing. 13 MP3 Songs POP: Today's Top 40, URBAN/R&B: R&B Pop Crossover Details: Sam Harris has always had a powerhouse voice that raises the roof as well as an honesty that touches the soul, so it seems natural that the former Star Search champion should strike a winning note with his inspirational album, Revival. The album had its genesis when Harris's performance of "Bridge over Troubled Water" on The Oprah Winfrey Show prompted the host to declare, "Sam could make Jesus walk through the door!" That Paul Simon standard is included with other familiar tunes such as "Peace Train" and Rockapella's "A Change in My Life" (which features the a cappella quintet as Harris's backup band). "Love Letter" delivers a great funky beat, and "The Rescue" is a spare ballad that works beautifully in contrast to the high-energy tunes. Harris himself contributes two songs, the lovely, yearning "Holding On" and the rousing title tune, while David Friedman's "I'll Be Here with You" is Harris's tender farewell to his longtime collaborator Laurie Beechman following her tragic death from cancer.
