Neoclassical/New Age in style-strong melodies with memorable themes ranging from carefree to haunting. 10 MP3 Songs CLASSICAL: New Age, NEW AGE: New Age Details: I have been playing the piano for over 40 years, and composing for about 20. "Prisoner of the Shadows" is the first of what I hope will be many CD releases. I have little formal training, and play entirely by ear. You will not be disappointed if you purchase "Prisoner"....see reviews below. My latest release, "Old Vienna", is now available on CD Baby. Old Vienna is an original composition for string quartet, and is a light classical excursion through an imaginary weekend.
