Pure electro, synthpop music with ambient and EBM ingredients 13 MP3 Songs in this album (61:22)! Related styles: ELECTRONIC: Electro, ELECTRONIC: Synthpop People who are interested in Covenant Depeche Mode should consider this download. Details: Steelberry Clones was formed in 2001 with the ambition to blend electronic/synthpop dance beats with more ambient influences. SBC is a collective of people, with myself at the steering wheel, with different backgrounds and ambitions. After been great fans of electronic music for a decade or more, we decided that there was room for more. The space between ambient music and electronic/synthpop dance beats became our main inspiration.
