Am just playing warnutz was born in Miami, Florida in the early 80's. My style is like something youve never heard in yo fuckin life, for real. My style is so different from everything, that its crazy. Am not on that fake wack gansta bullshit, these fagats are rapping these days. Ill put my life on the line if you dont like it. And if you dont, I gurantee youll stop whatever you doing and say what the fuck is this?. I grew up as a loner (a loser in high school terms) back in the days. Never went out, never went to parties, never even had girls look at me. That was my fuel, so I saved up my money, got my equipment. Next thing you know theirs 30 heads at my crib to record, I would rip each one. At everything else I was quiet, shy, wasnt good at nothing, a straight dumb fuck, but this rap shit was mine. Ive been doing music ever since, 12 years rhyming, 8 years doing beats, and I started at the tender age of 12, and still dont go out. Now dont think am some super lyrical underground junkie, I still do my commercial mainstream music, gotta do it for the ladiez. As for inspirations, I listen from common to alicia keys to micheal jackson, even to the wackshit these niggas play these days. Basically if you wanna hear that shit that will remind you of wu-tang clan, redman, busta rhymes, DMX, big pun, and all them other ill niggaz from 1994-1998 all rolled up-n-one, am the fuckin nigga!!, check for your nigga right here, WARNUTZ the LOSER!!!!!!!!!!!!!!
