Quality Genuine PDF Service Repair Manual, NOT a scanned in or photocopied reproduction. This service manual provides the technical information needed to properly service and maintain the Models L465, Lx465, and Lx485 skid-steer loaders. Use it in conjunction with the operators manual which is supplied with the loader. Keep both manuals available for ready reference. The L_ _ _ designates a factory standard built unit. The Lx_ _ _ designates a factory deluxe built unit. Options factory installed include work lights, taillights, and auxiliary boom hydraulics. The L465, Lx465, and Lx485 have many similarities with the major differences being engine horsepower and lifting capacity. Whenever working on New Holland equipment, left and right sides of the machine are determined by standing behind the unit, looking in the direction of travel. The easiest and least time-consuming removal, disassembly, and reassembly procedures are detailed in the manual. Modifying these procedures is not recommended.

New Holland skid-steer loaders are designed with emphasis on safety for operator protection. However, careless and negligent operation can still result in serious injury to persons or damage to property. Be sure to read and follow all safety instructions in this manual.
