

# The Row In Mrs Britains Kitchen

[DOWNLOAD HERE](#)

The political satirical pamphlet *The Row In Mrs. Britains Kitchen* / as observed by a spider in his web was published in England, 126 years ago, during the parliamentary debates over home rule for Ireland and Scotland. The same satirical finger could be directed at the deliberations and debates of any parliamentary or congressional body that has ever been seated as well as any presiding today. This ageless pamphlet is confirmation that the intricacies and inanity, or more appropriately insanity, of politics and parliamentarians is ongoing and constant. Every proposal is expounded and expanded in never ending discussions, far out of proportion to its importance, by the many and varied arguments put forth by the many and varied steadfast supporters of each and every argument. True compromise is rare.
