Leveraging Powerful Online And Offline Strategies To Boost Your Sales In this book, you will learn all about ideas that sales superstars use to become who they are today and how you can become like them too. In the 21st century, times have changed and it isn't easy to anticipate the demands of your clients or customers. We know because we went down that road before and we can testify that it isn't easy whether you are online or offline. Gone are the days of pounding the pavement or pounding the phone hoping to get sales from random strangers. Just take a look at history. Ancient civilizations were all conquered by foreign nations with superior weaponry like guns, grenades and cannons. Your swords and shields won't win you the battle no matter how motivated or hyped up you are. It is the same when it comes to sales. In the sales line today, you just can't approach your 21st century customers with obsolete tactics from the 80s. In a few moments, you will understand what we mean. So sit back and enjoy. Let the theories open your mind and pave the way for your sales success...
