

# 404 Trapper Script

[DOWNLOAD HERE](#)

404 Trapper Script Tired of the boring "404 Not Found" page that Apache provides for broken links? Replace it with something better, 404 Trapper! Now your visitors can see a more attractive 404 page (you can design your own template). Plus, you can choose to be notified via email when a visitor runs into one of these pesky errors. Don't wait for visitors to tell you about 404s, find out about them when they happen!

**FEATURES** Just one script to upload Supports optional HTML template The script can email you when a user encounters a 404 error Three levels of error emailing: off, only when the referer is your site, or always **SUPER BONUS:** Order now and receive **MASTER Resell Rights** so you can sell 404 Trapper Script and keep 100 \$\$\$ of the profits! You'll even get a copy of this sales page which you can easily customize!
