

American Apocalypse: Is The United States In Bible Prophecy? - Terry James

[DOWNLOAD HERE](#)

Does America the most powerful nation on Earth appear in Bible prophecy? Some people believe the United States will be wiped out in a nuclear attack. Others say it's where the Antichrist will rise. And many people wonder what life will be like in America during the seven-year Tribulation. But what can we know for sure? And what events are setting the stage for the last days, not only in America but globally? Terry James, who has spoken and written extensively on Bible prophecy, addresses these issues and more as he examines the pivotal role America will play: The irreversible move toward one world government The rise in world spirituality yet hatred toward true Christianity The danger signs in America's faltering economic system The new world superpower on the horizon The peace that will lead to the world's greatest war A fascinating survey of what is to come!
