

German Infantryman (1) 1933-40 - David Westwood

The common German infantryman played a crucial role in the events that led to the outbreak of World War II (1939-1945), and the burden of duty lay on his shoulders during the opening moves of the conflict, in the invasion of Poland, the conquest of Norway and Denmark, the Low Countries and France. The Wehrmacht was unstoppable in this period, as it defeated almost every country that took the field against it. This volume examines the recruitment, training, weapons and equipment of the German infantryman in the eventful years building up to and including Blitzkrieg. Weaponry, team roles, tactics, training and personal equipment are all covered.
