Rap/Hip-Hop/Native American/Good 12 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hardcore Rap
Details: The idea for this album came to me in a dream...I'm sitting there looking at my life, and the time I put into hiphop, and it came to me... "I gotta do a solo album"... It was two days after the legendary riot... Still mad at the time I guess you could say this album came out of hate??? or anger??? or love??? or confusion??? it's hard to tell what I was feeling by now??? All I really know is that it was made out of instinct... It came together like a puzzle, each song being a piece and each piece fitting perfectly next to the other...It wasn't hard thinking of concepts and words... It was like poetry from the heart... Telling every emotion to anybody who'd listen... It's crazy... I think I been planning on putting out a solo album for the last five year??? I guess I was waiting for the right time and not even knowing it...Thanks for taking time to read this and listen to the songs...BOSS
