Cool start. The bassgroove is cool, and when the drums came in it even cooler. Like ambient sounds, and u got a lot of that. It sounds like early synthmusic back in the 80s. Like it. Nice drum groove. Also like that fact it is the same groove thru the song but it isnt monotony!! great work! Song: PLANET-E From: thedrownies AMAZING! This track shows a lot of attention to detail, and it is AMAZING! This is one of the best songs I have heard from this genre for a long time. Cool trippy effects and beat change-ups kept me interested. VERY cool stuff Now it's time to give your ears something good to listen
